Application Note // EpiSensor System Architecture

EpiSensor Device Management

IoT Software Apps for:

- Temperature Monitoring
- Energy Management
- Refrigeration Monitoring
- Predictive Maintenance
- Demand Response

Cloud

Secure Connectivity

LAN

ZigBee wireless sensor network

EpiSensor Gateway (to connect the wireless sensors to the Internet)

EpiSensor Gateway software

...more EpiSensor networks

Range Extenders (to boost wireless signal, if required)

EpiSensor wireless sensors and industrial interfaces

EPI-116-00
